RECOMMENDED CITATION

Mohammed looti (2025). *DEAF-BLIND*. Encyclopedia of psychology. Retrieved from <https://encyclopedia.arabpsychology.com/?p=20180>

adjective. The absences of seriously faulty vision and hearing simultaneously.

DEAF-BLIND: "Most people are able to choose, hypothetically, whether they'd rather be deaf or blind, but the majority would never concede to acceptance of being deaf-blind."
